PROFILE

Motivated and detail-oriented software developer with hands-on experience in front-end development, UI/UX design, data analytics and digital marketing. Passionate about building user-friendly digital experiences and solving problems through code. Quick learner and excellent communicator, eager to grow in a tech-driven environment.

EXPERIENCE

GRADUATE TRAINEE - SOFTWARE ENGINEER

BRAINSTAKE | HARARE | 2025 - PRESENT

As a Graduate Trainee Software Engineer at Brainstake, I contributed to the development and enhancement of digital solutions within the education sector, focusing on front-end functionality, user experience and system maintenance.

▪ Worked on front-end development of a school management system, contributing to user-facing features.
▪ Collaborated with UI/UX designers to implement responsive and user-friendly interfaces.
▪ Updated and maintained the company website, ensuring content accuracy and usability.

YOUTH CODING INSTRUCTOR

UNCOMMON.ORG | HARARE | 2025

As a Youth Coding Instructor at Uncommon.org, I delivered structured coding lessons to young learners, helping them build foundational programming skills while fostering creativity, problem-solving and confidence in technology.

▪ Facilitated coding lessons for school learners, focusing on programming fundamentals.
▪ Taught tools such as Scratch and WoofJS to introduce logical thinking and basic software development concepts.
▪ Developed strong communication, teaching and leadership skills through classroom engagement.
